Ujwal Ramesh Karajgikar

Business Analyst | FinTech, Healthcare & Life Sciences | Agile & Scrum
Bangalore Urban, Karnataka, India

Summary

I specialize in translating complex requirements into actionable solutions for the FinTech, Healthcare and Life Sciences sectors. I am trained in Agile/Scrum and the end-to-end Product Life Cycle. I bring hands-on experience in Product Discovery, UI/UX wireframing, and compliance (HIPAA/GDPR). I apply my technical documentation skills to help teams build impactful, user-centric products.
